

# **GROWFORCE** K-Yield

NUTRITION

## Tech Sheet

**Growforce K-Yield** is a uniquely formulated combination of highly available forms potassium, micronutrients and a biostimulant designed for maximum uptake.

### Features & Benefits

- Contains a kelp extract as the biological stimulant to drive new root production and mitigate stress
- Biological contains a high Auxin: Cytokinin ratio, amino acids and carbon
- Key micronutrients for maximum fruit and grain quality
- Creates healthy root systems for optimal nutrient access
- Pre-mixed ratios of specific essential nutrients
- Citric Acid Chelation for high availability on the leaf surface
- Zinc is crucial for auxin formation and protein and enzyme synthesis
- Manganese encourages photosynthesis and chlorophyll production
- Boron promotes cell division and moving sugars within the plant

### Applications & Use Rate

Use Rate:

1 qt/acre

Applications:

Foliar

Weight:

9.8 lb/gallon

pH:

4.9

#### Guaranteed Analysis:

Potassium (K).....	5.0%
Boron (B).....	0.25%
Copper (Cu) .....	1.0%
Manganese (Mn).....	2.0%
Molybdenum (Mo).....	0.1%
Zinc (Zn).....	1.0%
