FIRST AID

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

STORAGE AND DISPOSAL

Dispose of contents/container in accordance with Federal, state and local laws and regulations.

COMPATIBILITY

Nutriseed ZnMo Plus is compatible with a wide range of commonly used agricultural chemicals. When mixing with other chemicals, always mix a small quantity and check for precipitate (fall out) in the mixture. If precipitation occurs, DO NOT proceed with application. If the mixture does not precipitate and it's the first time you have used this combination of products, test a small area of the crop prior to treatment of the whole crop.

CAUTION: The application of fertilizing materials containing Molybdenum (Mo) may result in forage crops containing levels of Molybdenum (Mo) which are toxic to ruminant animals.
